#EraseHate

In 1998, a young gay college student was kidnapped from a bar, robbed, beaten, tied to a fence, and left to die. That student was Matthew Shepard in Laramie, Wyoming.

The MSF heart challenge is to help honor the 20th anniversary of Matthew Shepard's death and the founding of the Matthew Shepard Foundation.

Please cut out the heart, write something kind on the back, and place it on a fence nearby. Help spread love, erase hate, and remind other LGBTQ+ folks that they have allies by challenging someone you know to print this heart, write a message, and place it on a fence.
