

CORELOGIC GRAND CHALLENGE

Apply your machine learning and analytics skills to a real-world dataset provided by an industry-leading provider of financial, property, and consumer information.

- Gain experience with industry standard tools and frameworks
- Create leads for possible internship/employment opportunities
- Meet and greet with CoreLogic executive team (during final presentation)

"I had a lot of fun. It was great having the opportunity to work with a real-world data and developing a solution. It was an overall great experience."

- Haley Kinoshita
(Student)

"I was blown away with the solutions this group of students was able to develop in such a short period of time. They went above and beyond the call of duty. I can't wait for the next challenge."

- Rene German
